REMARKS

The March 8, 2005, Office action objected to claims 1-15 on the basis of various informalities but indicated that the claims would be allowable if those formalities were corrected. To expedite prosecution of this case, this Amendment and Response amends claims 1-15, without prejudice or disclaimer. Applicant reserves the right to pursue the subject matter of the original claims in co-pending applications. Support for the various amendments may be found in the originally filed specification, claims and figures; no new matter has been introduced. After entry of this amendment, claims 1-15 remain pending in the application, including two independent claims. In view of the amendments and remarks presented in this paper, the Examiner is requested to reconsider the application, allow all the pending claims, and pass the case to issue.

Should the Examiner wish to discuss any of the above in greater detail or deem that further amendments should be made to improve the form of the claims, the Examiner is invited to contact the undersigned at the Examiner's convenience.

Please charge any necessary fees, including any extension of time, or any other fee deficiencies to Delphi Technologies, Inc., Deposit Account No. 50-0831.

Respectfully submitted,
